

# 2007 AWARD WINNING TEAM LEADERS

*Noted on by booking agents, promoters, talent buyers & other industry members, the annual Awards of Excellence given out by *The Facilities Media Group* acknowledge genuine achievement in venue management. Our Prime Site Facilities Awards recognize excellence in arenas, stadiums, theaters, performing arts centers and other venues that present a vast range of events, including concerts, family shows, theatrical entertainments, performances, sports and athletic competitions, as well as exhibitions and other consumer/trade events.*

But it's not the venue that results in success. It's the management and personnel dedicated to doing their best so their venue can be the best.

*Facilities salutes some of the 2007 Prime Site Award Winning Team Leaders!*
