### MADISON, WISCONSIN: AN INSPIRING PLACE FOR SMART MEETINGS.

**M**adison, Wisconsin, combines exceptional facilities with the intellectual and emotional capital needed for meeting success. Home to the renowned University of Wisconsin—Madison, the vision of Frank Lloyd Wright, the insight of Aldo Leopold and a majestic Capitol built upon an isthmus alive with cultural arts, engaging intellectual pursuits and a wealth of recreational opportunities, Madison is the place for smart meetings.

Monona Terrace, a crown jewel of Madison's cultural isthmus, is the first convention center in the nation to be LEED-EB –certified at the Silver Level by the U.S. Green Building Council. To earn its silver certification, the Convention Center invested in initiatives to increase recycling rates, utilize green cleaning products, and adopt clean energy use and conservation. The facility purchases 100% of its electricity from renewable sources. Monona Terrace has become a symbol of sustainability for the community of Madison and inspiration to all those who choose to visit the city.
