TROPICAL AMBIANCE AND
COLOSSAL SPACE ARE
JUST THE BEGINNING.

ORLANDO'S ORANGE COUNTY CONVENTION CENTER UNLOCKS THE SECRET TO MEETING SUCCESS

It's simple: superb hospitality, flawless service and total convenience. These elements define the attendee experience, affecting how they feel, how well they're able to network and how they perceive the event as a whole. If any one of them falls short, so does the event.

One venue that recognizes this reality is Orlando's Orange County Convention Center (OCCC). Here, tropical ambiance and colossal space (7 million square feet in two buildings, connected by an open-air pedestrian walkway) are just the beginning. The OCCC also offers an outstanding level of service—one that has cemented the Center's position among the world's premier meeting and trade show destinations.

OCCC'S SERVICES

OCCC's broad offering of show management and exhibitor services, ranging from catering to telecommunications, is considered one of the finest in the convention industry, and contributes to the Center's reputation as one of the best places in the country to hold a meeting.

The Center's Marketing Executives and Sales Managers are dedicated to providing clients with an experience that is flawless from beginning to end. For every size and type of event, these seasoned professionals provide solutions that exceed everyone's expectations, and will ensure that your needs are communicated efficiently during the client servicing process.

OCCC's Event Managers are certified meeting professionals with the highest level of industry experience. They will assist show managers with planning the logistical details of their convention, trade show or special event. Serving as the main conduit for OCCC communication and information – before, during and after the show – these dedicated team members ensure the most complete, productive and enjoyable experience for both show planners and attendees.

For the optimum exhibitor experience, OCCC Show Managers and exhibitors turn to the Center's Exhibitor Services Department. Individual Exhibitor Service Representatives assigned to every OCCC event will ensure total satisfaction. Beyond the services offered on the show floor, this team can provide custom web pages hosted by the OCCC, bonus

amenities for your Top 20 Exhibitors, and coordination of pre-event meetings. For maximum convenience, the OCCC's Exhibitor Mobile Connection brings the capabilities of a service desk directly to the show floor, where roaming EMC representatives will respond to exhibitor requests on the spot, so they never have to leave their booths for assistance.

OCCC'S GOLD KEY PARTNERS

The OCCC is also proud to be the only convention center in the country to partner with one of the world's most famous theme parks—Universal Orlando Resort®.

With offices right on-site, Universal Orlando Resort® is always available to help show management and their exhibitors plan dynamic entertainment and events. From theme park tickets to private events at theme parks, plus entertainment and networking opportunities at a variety of amazing on-site venues, OCCC's Gold Key Partner will help make any Orlando meeting experience unforgettable.

NEW CONNECTIONS

Orlando, Florida, a city already renowned for its world-class hospitality, entertainment and business offerings, has added to its appeal with a number of new developments in the Orange County Convention Center area.

The following hotels now add 2,150 more hotel rooms to Orlando, bringing the overall room inventory to over 115,000, making this center of hospitality more welcoming than ever.

Hilton Hotels:

The beautiful new 1,400-room Hilton Orlando is connected to the Center's South Concourse by a pedestrian sky bridge.

Peabody Hotels:

The Peabody Orlando just added a 32-story, 750-room guest tower connecting the hotel with the Center's North/South and West Concourse.

Rosen Hotels and Resorts:

The Rosen Centre has recently connected to the OCCC via a new pedestrian sky bridge, making it even more convenient to access the Center's West Concourse.
