**SALINA BICENTENNIAL CENTER**

## SALINA BICENTENNIAL CENTER

One of the most versatile public facilities in the Midwest is located in the heart of Kansas at the crossroads of I-70 and I-135. **Salina's Bicentennial Center** serves a trade area of 350,000 and hosts everything from seminars to conventions and tradeshows, and from ballet to basketball and monster trucks. It is professionally managed, fully equipped, and surrounded by acres of free parking.

The Exhibition Hall holds 2,000 with staging and temporary seating, 1,000 dinner guests, or small trade shows – in 18,000 square feet of column-free space with movable walls. Eight meeting rooms handle groups of 50 to 190.

The Arena has fixed seating for up to 7,600 and 21,000 square feet of multi-use floor space that converts into an exhibition hall, an auditorium or theater with additional seating—or a sports facility.
