OCEANFRONT ARENA: AT THE CENTER OF IT ALL

When it comes to hosting concerts and special events, Oceanfront Arena at the Wildwoods Convention Center is in a class by itself. Located on southern New Jersey's historic Wildwoods Boardwalk overlooking miles of powdery-white Atlantic Ocean beaches, it's the very definition of prime location. Inside, ultra-modern amenities, top-notch concession services and state-of-the-art lighting/communications systems provide a setting nearly as perfect. Add flexible seating for up to 7,000 and amazing ocean views from nearly every angle to the equation, and it's easy to see why Oceanfront Arena has become a must stop for promoters and guests alike.

Smack dab in the middle of one of the country's premier family vacation destinations, The Wildwoods, Oceanfront Arena also finds itself conveniently situated within driving distance of 4 major metropolitan areas. With nearly 9 million annual visitors drawn to the area, generating ticket interest is rarely a challenge. Plus, with on-site parking for 600, two access ramps and 12 loading docks with direct access onto the arena floor, neither is accessibility.

The Wildwoods Convention Center, in addition to Oceanfront Arena, also features 86,700 square feet of unobstructed exhibit space, 95,000 square feet of meeting space along with 15 breakout rooms, and 23,440 square feet of lobby/pre-function space. Highlighting the center, which opened in 2001, is a magnificent Teflon-coated, translucent fiberglass roof. By day, it allows natural sunlight to filter into the exhibit hall. At night, projected interior light gives the Center a beautiful exterior luminescence and a distinctive visibility. Lining the back of the 260,000-total-square-foot-facility, a windowed wall opens to a stunning 6,600-square-foot outside deck and boardwalk beach extension connecting to the water's edge.

Directly outside the Convention Center doors is the 38-block boardwalk, the longest in the United States. Packed with a variety of food and souvenir
