

i WIRELESS CENTER

Conveniently located in the heart of the Midwest and overlooking the scenic banks of the Mississippi River, the i wireless Center (formerly The MARK of the Quad Cities) has become synonymous with premier entertainment in both Illinois & Iowa. This first-class, 12,000-seat arena and conference center has the ability to host world-class entertainment and transform into an intimate theater setting that can hold anywhere between 3,000 to 6,000 guests. The i wireless Center is the perfect showcase for any event. Recently, the i wireless Center has undergone significant renovations to continue its reputation as the premier mid-size venue in the Midwest. Over \$1.5 million dollars in renovations were completed, ranging from a state-of-the-art LED Whiteway board to a brand new Ice Rink system to accommodate the introduction of the American Hockey League to the Quad Cities. The recent updates and additions have created the momentum needed to keep the building moving forward as a state-of-the-art facility.
